The Rise of the Avatar

I saw before the Lord judged all mankind,

the sons of Noah left scattered after babel

the tower was left in dust.

the sons of shem belonged to no nation

but the rebellious sons of shem

became

the air nation

and it was so

the air nation was birthed

then i saw more

the Sons of Ham

rose and said

we will build higher

and it was so

they repurposed

the tower

that was once a mighty rebellion against the lord

into kingdoms

of Men

the Earth Nation was birthed

Then i Saw more beginnings

the Fire nation walked like a corrupted child

the Sons of Canaan

became pilgrims of corruption

never satisfied

enemies of the sons of Shem

Then

I Saw the sons of Japheth

rose and said

“we will steal your spirit

and build comfort of men”

and it was so

marble cities of kings

Shiny armor of Iron

Polished tongues of serpents

and the Water Nation was birthed

A heaven built

without the Avatar

then behold

The Avatar had arrived

He came under the womb of a mother

with a love that struck all the nations

The Water nation had him on the cross

and the sons of shem ordered him dead in front of all people

and it was so

the Avatar had died for all four nations

then

Behold he rose from the dead after three days

and touched their hands before he had gone

he vanished

the world touched his word

the scrolls were rewritten into books

and the water nation took his scrolls

forces their hand and announce

that all must confess and walk

under the name of the Avatar

The Water nation has confessed his name on their tongue

yet kept their polished hands clean

then I saw the Rise

of the fire nation

the fire nation envied

the glory of the water nation

having the scrolls of the Avatar

using it for Man’s power

so it was

the spirit of Canaan was restored

through one man

his name was

Fire Lord Sozin

the man

was called by a shadow of evil

and the shadow said to him in a cave

“Recite”

and it was done

the Fire Nation had begun

Sozin began his dynasty

he spoke of himself as a lamb among the people

yet walked with a trail of blood behind his back

The Fire Nation invaded the Earth nation at Sozin’s command

They fought the Water nation and raided the land of judah

some of The air nation resisted

some had bowed

to The Fire nation

the vision ended

and the lord said unto me

“The beast that you saw

was,

and is not;

and is about to come up out of the abyss

and to go into destruction”

But only the Avatar

The king over all four nations

can stop them

He will return

and put a end

to the war

once and for all
